

DO YOU DRIVE A 3CR12 CAR?

AJ Power canopies driven by automotive standards

Reliability - Efficiency - Flexibility- Worldwide

AJ Power's weather protective and sound attenuated enclosures deliver durability and security for your generating set along with a high specification on each enclosure.

- Maximised service access
- Digital control system
- Galvanised canopies
- High ambient cooling capabilities
- They are designed to minimise noise and maximise ambient clearance with air
- Gas spring assisted side doors (3 Series)
- Maximised service access
- High ambient cooling capabilities
- Our sound attenuated enclosures are fabricated from 1.5/2.0mm hot dipped galvanised steel and pre-treated before powder coated using polyester powder to a thickness between 60-100µm.
- This minimises the risk of dust and moisture ingress.

5 year old competitor set

10 year old AJ Power set

FGW Generators

ENGINEERING EXCELLENCE BUILT ON EXPERIENCE

STOCK LIST 13 JULY 2020

The generator stock available is proven in the African market, due to historical sales in numerous countries on the continent. AJ Power generators are respected for their reliability, durability and for residual value.

AJ Power generators are manufactured to ISO 9001:2015 quality standard, the internationally recognised standard for quality management. We hereby deliver Engineering Excellence Built on Experience!

NO.	DESCRIPTION	BUILD	kVA/kW	PHASE	DETAILS
1	DA5-AJ14P-5P1	CANOPY	9.5kVA/9.5kW	Single Phase	Perkins Engine, Mecc-Alte, InSight3100
2	DA5-AJ14P-5P1	CANOPY	9.5kVA/9.5kW	Single Phase	Perkins Engine, Mecc-Alte, InSight3100
3	DA3-AJ17P-5P1	CANOPY	14.3kVA/11.4kW	Three Phase	Perkins Engine, Mecc-Alte, InSight3100
4	DA3-AJ17P-5P1	CANOPY	14.3kVA/11.4kW	Three Phase	Perkins Engine, Mecc-Alte, InSight3100
